Ready to get into *Tech?*

Have a cool idea for a web or mobile app?
Want a chance to go to D.C. and win prizes?
Register for the 2018 App Challenge:
www.CongressionalAppChallenge.us

U.S. REPRESENTATIVE
DON BACON
SERVING NEBRASKA'S
2ND CONGRESSIONAL DISTRICT

CONGRESSIONAL
App CHALLENGE

All middle & high school students residing or attending school in Nebraska's
Second Congressional District are eligible to compete--Register by Sept. 10th.

---

The *Congressional App Challenge* is a nationwide coding competition that provides students the opportunity to engage in the exciting field of STEM (Science, Technology, Engineering and Mathematics). Students will develop a unique software application, or "app", for mobile, tablet, web or other computer-based platform. Winners are invited to attend a recognition ceremony in Washington, D.C. and possibly receive prizes.

---

The *Congressional App Challenge* is open to all middle and high school students living or attending school in Nebraska's Second Congressional District. Students who wish to enter the competition must submit their app online by **October 15, 2018**, including with it a YouTube or VIMEO clip demonstrating and explaining their app and what they learned through the development process.

# Participation and Registration:

## Who can participate?

Any middle or high student living or attending school in the Nebraska's Second District may enter the competition. If submitting as a team, all members must meet the eligibility requirements for individual contestants.

## How do I register?

Create either a team or an individual account at CongressionalAppChallenge.us and then indicate your Member of Congress on the registration form provided. Registrations must be received by **September 10, 2018**. ***All entries must be original in concept, design, and execution.***
