

The AIM Institute is an innovative nonprofit that grows, connects, and inspires the tech talent community through career development and educational programs. Through these efforts we improve thousands of lives across the Silicon Prairie.

# LEARN NEW TECH SKILLS

**INTERFACE**  
THE WEB SCHOOL

Join **AIM Interface School** for a specialized course or training opportunity.

If you have built interactive websites on your own using HTML, CSS, and JavaScript, and you are ready to learn how to build more complex web applications, then it's time to select one of our specialization courses.

## JAVA

Love that ultimate control? In this course you'll learn the programming language that's relied upon by corporations of all shapes and sizes.

**May 6 – August 7, 2019 (M/W)**

**August 26 – December 4, 2019 (M/W)**

**Applications Close: April 24, 2019**

## .NET

Are you interested in learning how to become a Microsoft .NET developer? Our .NET developer course will teach you all the components and tools needed to work on a team as a junior .NET developer or intern.

**May 7 – August 8, 2019 (T/Th)**

**August 27 – December 5, 2019 (T/Th)**

**Applications Close: April 24, 2019**

## EVIDENCE BASED INNOVATION

Evidence Based Innovation will teach the concept of making data driven decisions to solve problems and manage risk mitigation.

**April 23-June 27, 2019 (Tu/Th)**

**Applications Close: April 15, 2019**

## COBOL

Yes, you read that right – COBOL! Dozens of companies right here in Omaha needs COBOL programmers, and that means you have the opportunity to jump right into a real career in programming.

## FUNDAMENTALS OF DATA SCIENCE CERTIFICATE PROGRAM

Interface Web School and the Omaha Data Science Academy have partnered together to form a certificate designed to teach a person how to do data discovery and data-driven decision making.

**Various module start dates**
