

# MAKE. HACK. BUILD.

## CREATE FOR CHANGE

Make.Hack.Build. is an experiential community program at Do Space for creators ages 12 to 18 that combines state-of-the-art tools, technology skill development, and professional project design experiences.

Make.Hack.Build. runs twelve weeks and is offered three times a year. Every session is centered on creating for social change, and explores different themes like virtual reality, game development, microcontrollers and more.

For more information or to apply, please visit [dospace.org/programs/make-hack-build/](https://dospace.org/programs/make-hack-build/) or contact us at [hello@dospace.org](mailto:hello@dospace.org).
