

Entrepreneurs Look At The World Differently

CHE

Christian Homeschool
Entrepreneurship

Teaching The Next Generation of Entrepreneurs...

CHE is an online, 36-week course that equips young people to go out and join the world of entrepreneurship! Engaging video lessons, a collaborative online platform, practical business ideas that students can go out and start, and a competitive elevator pitch contest (\$1000 cash prize) bring this course to life and help students take what they are learning in the classroom and put it into action in the real world.

Baker Family

Smith Family

Serial entrepreneurs Mark Baker & Billy Smith will be your guides in this exciting journey exploring the world of entrepreneurship.

"We have a passion to help the next generation learn to look at the world entrepreneurially and to honor God in all their work."

What Is *Christian Homeschool Entrepreneurship*?

✓ 36 Video Lessons

The course is comprised of 36 video lessons accessed online that teach students everything from the basics of starting a business, to growing it successfully. All from a Christian point of view in consideration of God's holy word!

✓ Weekly Homework Assignments

Along with the videos will be weekly homework assignments to help the students retain the information and apply it in the real world. These assignments will be a fun and helpful way for the students to start implementing what they learn by launching their own business.

✓ Business Plan Contest

An exciting part of this course allows students to create a 3 minute video elevator pitch for a business idea. These will be judged and then 10 finalists chosen to submit a business plan and compete for a \$1,000 first place prize, \$500 second place prize and \$250 third place prize!

✓ 40 Business Ideas

We provide the students with 40+ practical business ideas any homeschooler can start. They will have access to all of these very detailed business ideas as well as some from other students who participate in the online forum.

✓ Online Forum

The course comes with 24/7 access to a forum where the students can discuss business ideas, ask questions, give and receive helpful advice, collaborate with other entrepreneurs, share fellowship, and build new friendships.

✓ Additional Resources

For the more advanced students we offer recommendations of additional articles, case studies, and videos to go deeper on the topics. And, we will be doing interviews with a number of successful Christian entrepreneurs!
