

Opportunity to purchase the *OnToCollege* (formerly John Baylor Test Prep) ACT and SAT online test prep courses at a significantly discounted price!

## The Offer

- **ACT Prep and SAT Prep Courses:** One year of access to all the materials.
  - This includes access to the video instruction sessions (12 40-minute sessions for ACT and 10 40-minute sessions for SAT), the 8-page PDF-formatted course curriculum, online and printable quizzes and practice tests (each homeschool is responsible for printing own materials), at-home access for all students, solution videos for all quiz and test questions, free on-line help sessions the nights before each national test, and much more! For more information, see the website at <https://www.ontocollege.com/homeschoolers/>.
  - For those of us who have used it, we can honestly say it has been very successful.
- **The Cost:** The price per family is based on this pricing tier. (The normal price for online access to both ACT and SAT courses is \$398/year.)
  - 6-9 families = \$175/family
  - 10-14 families = \$150/family
  - 15-19 families = \$125/family
  - 20-30 families = \$100/family
- **The Deadline:** We are hoping to find at least 20 families no later than **11 August** so that we can start the course **15 August**. Feel free to share this information with other homeschooling families who may be interested.

### How do I take advantage of this great offer?

Please register <https://www.cognitofirms.com/NebraskaHomeschool2/NHHENOnToCollegeOffer>. You will be notified later on the final cost per family. **Payment will be due upon invoice.**

### When should your student start preparing for the ACT or SAT?

It is recommended that your student start test prep in the spring of their junior year, *or when they have completed geometry and are about 2/3 of their way through Algebra 2*, whichever comes first. There are a minimal number of Pre-Calculus questions on the test, and there are no Calculus questions. Students should begin the *OnToCollege* course about 6 weeks prior to an actual test that they will take. (See [www.act.org](http://www.act.org) for upcoming test dates.) Students should plan to take the test *at least* three times and should continue to take it as long as their score is going up. *Each additional point can turn into hundreds or thousands of dollars in scholarships!*
