

Lightning Program Offerings

Lightning fundamentals Program

Does your son want to learn the fundamentals of basketball? Not sure basketball is for him, but want to test the waters? Lightning Fundamentals may be just right for you. The Lightning Fundamentals program will meet one hour per week for 10 weeks to focus on learning the fundamentals of basketball. Each practice will include instruction designed to teach players the basic fundamentals of the game in a fun and effective way. In addition to instruction, each practice will also include some intra-squad competitions to put the skills your son will be learning into play. This 10-week program will complete with at least 1 competitive game.

Grade School & Junior High Programs

Grade school and Junior high programs play games in the Parochial Athletic League (PAL) and Catholic Youth Org (CYO), local select tournaments and a few games and tournaments against other home school programs. Grade school will play 15-20 games. Junior high will play 30-35 games.

High School Programs

High school programs participate against other home-school organizations in the Midwest. A season will include around 35-40 games. A typical month will include two weekends of local games/tournaments, an overnight travel trip to a tournament within a 5 hour radius and a weekend off. Games begin in November and finalize with home school Regionals and Nationals in March.
